

## Writing a descriptive soil poem

### Materials Needed:

soil sample – each sample should be a different type soil  
clean sheet of paper or paper plate  
hand lens

### Directions:

1. Carefully empty your soil sample onto the sheet of paper.
2. Examine the soil. Next, have each team member write an adjective to describe the soil. Continue this process until your team can no longer think of additional adjectives.
3. Next, use your list of adjectives to write a team poem about your soil sample.
4. While showing your soil sample, share your poem with the rest of the class.
5. Design an advertisement for your soil.
